

# Natural gas to LPG Changeover Training Manual (CoNGLP1)

If you're a plumber or heating engineer and you're looking to sit the Natural Gas to Liquefied Petroleum Gas changeover ACS assessment, this course will give you all the preparation you need.

It consists of six generic core Liquefied Petroleum Gas ACS modules (1 to 6) and four Liquefied Petroleum Gas sector specific modules (7 to 10), plus a final module to test your knowledge and understanding of modules 1 to 10 and make sure you're ready to sit the Natural Gas to Liquefied Petroleum Gas changeover ACS assessment.

All the sectors of the LPG changeover assessments are covered, including:

- PD Permanent Dwellings.
- RPH Residential Park Homes.
- LAV Leisure Accommodation Vehicles.
- B Boats.

## What do you need?

To take the course you'll need a Certificate of Competence in any Core Gas Safety Assessment or a valid ACS-aligned Gas Services S/NVQ.
