INTRODUCTION

Oxford Energy Academy Limited Assessment Centre management and all who work at Oxford Energy Academy Limited are committed to providing the highest possible level of service in satisfying the requirements of all learners, examination boards, customers, staff, subcontractors, and anyone who has contact with the college.

PURPOSE

Internal Quality Assurance (IQA) is concerned with monitoring the learner journey throughout their time undertaking a qualification at Oxford Energy Academy Limited.

Internal Quality Assurance involves monitoring the training and assessment activities and the quality of work learners produce, in terms of meeting the correct grading criteria. Internal quality assurance helps to ensure that assessment and IQA activities are valid, authentic, sufficient, fair and reliable.

Internal Quality Assurance measures the quality, delivery, processes, procedures and learner achievements.

PRINCIPLES

Key concepts and principles of Internal Quality Assurance of assessment include:

- ensuring quality standards throughout the learner journey.
- ensuring accuracy and consistency of assessment decisions made by assessors.
- Identifying issues and trends that develop.
- supporting and developing assessors and tutors.
- ensuring accountability for assessment decisions and quality standards, awarding body procedures and policies are maintained.
- ensuring achievement made by learners and judged by assessors is recognised and meets the grading criteria.
- ensuring the correct and appropriate assessment strategies are used by assessors.
- ensuring confidence of the learner and provider are always maintained.
- ensuring sampling both interim and summative is occurring.

Internal Quality Assurance principles include ensuring standardisation activities take place, assessment decisions embrace inclusion, equality is promoted with learners and the diversity of learners is valued by all staff. It ensures that fairness is apparent in all assessment decisions and that there are auditable records to show this.

Other principles include maintaining health and safety practices, such as risk assessments. Also ensuring all staff have access to training and CPD, that assessors and staff members are motivated and that clear communication between takes place regularly.

INTERNAL QUALITY ASSURANCE ACTIVITIES

Oxford Energy Academy Limited will undertake sampling of assessment judgements in line with the sampling plans in place for all qualifications offered.

Sampling will be formative and summative and at a 10% to 25% of learner evidence, depending on the assessor's experience, qualifications and competency. (100% for new or newly qualified staff members).

Sampling may take place formatively.

All completed qualifications will be formatively sampled.

An assessor will receive a sampling report within three days of submitting a learner portfolio for sampling.

Any disagreements with an IQAs findings will be reviewed by the Director of Oxford Energy Academy Limited, who will have the final say on any judgements.

Sampling plans will identify learners, assessors and the assessment criteria to be sampled. Sampling activities will meet the requirements of the awarding organisations Oxford Energy Academy Limited are approved with.

Standardisation activities will be undertaken regularly (at least every eight weeks) with IQAs, Assessors, Tutors and relevant line managers present. Standardisation activities will meet the requirements of the awarding organisations Oxford Energy Academy Limited are approved with.

All meetings will have a set agenda and minutes shall be produced and disseminated to all relevant staff members.

Example Standardisation Meeting Agenda:

- Actions from previous standardisation meetings.
- Resources, Health & Safety, Equality & Diversity issues.
- Progression and achievement of learners.
- Examples of learners work to standardise.
- Good practice from assessors.
- Areas for improvements.
- Internal Quality Assurance reports.
- External Quality Assurance reports.
- Qualification updates.

Observations of staff members will be determined by a yearly cycle, with all training and assessing staff members receiving a minimum of two observations per year. All staff members will be required to be observed at grade two or above. Action plans and support will be in place for any staff members identified as 'requiring improvement'.

All observations will be documented and moderated.

All Oxford Energy Academy Limited staff members will receive access to regular, continuous professional development (CPD) and shall be encouraged to undertake reflective practice.

Learner feedback shall be collected through surveys, focus groups and comments, complaints and complements cards. Learner feedback will be regularly obtained and analysed, and improvements shall be highlighted and implemented across the organisation, where required.

All documents relating to IQA activities will be held securely, in line with Data Protection and confidentiality requirements. Access will be granted to all relevant awarding organisations to any assessment documents and related materials.

REVIEW ARRANGEMENTS

Oxford Energy Academy Limited will review this policy annually in line with self-assessment arrangements. This policy will also be revised as and when necessary, in response to customer and learner feedback, or good practice guidance issued by an awarding organisation or other regulatory body.

LOCATION OF THE POLICY

This policy is available for all Oxford Energy Academy Limited staff members, third parties and learners to access.

COMMUNICATION OF THE POLICY

Every staff member involved in the management, delivery, assessment, and quality assurance of qualifications offered by Oxford Energy Academy Limited, shall be made aware of this policy during their induction period of employment. Learners undertaking Oxford Energy Academy Limited qualifications shall be informed of this policy during their induction process.
